

Superreel® - Industrial Reel

1/2 air hose reel

Keep your working place organized and eliminate air hose tripping hazards with superreel's 50-foot, 100-foot 1/2 in. I.D. Steel Dual-Arm Auto-Retracting air hose reels. These reels are built to last, with all steel construction, a sturdy dual arm design, solid brass fittings, and a 1/2" rubber hose that is rated to 300 PSI. Stays flexible in cold and resists cracking, abrasion, kinks, and chemicals. Great for most everyday applications.

Conveniently, the reel can be mounted to the ceiling, wall, or floor. If you don't see a standard power cord reel that fits your application, just let us know – we'll help you find the right power cord reel. We offer custom reels that can be tailored to your specs.

OUR CAPABILITIES

- Ultra-high pressure and high current, the highest pressure of gas and liquid up to 80-100MPA. Taking advantage of the National New Energy Policy, the maximum current of the DC charging reel can reach to 500A.
- Super-long. Spring-driven reels can handle hoses or cables up to 50 meters. Motor-driven reels' capacity up to 3000 meters.
- Engineering reciprocation. One of the few domestic manufacturers that can produce reciprocating hose reels and multi-line hydraulic reels.
- Smart reels with intelligent functions. Limit, feedback, measurement, remote control, APP control, adaptive control and other functions are used in our reels.

Superreel® - Industrial Reel

- Hose and cable combined reels. One reel can manage/ transmit media including acousto-optic signals, various gas-liquid media, etc, at the same time.
